

Dear all,

We are pleased to announce that bookings for this year's (5th) International Encounter for Arts Therapies Students are now open (4ArTS is EcARTE -European Consortium of Arts Therapies in Education- approved and sponsored).

Please have a look at our website (www.inter4arts.org) for more information on the encounter, programme and bookings.

The encounter will take place in Edinburgh from the 16th till 19th of September 2010 and participants should be

➤ students in one of the four disciplines (art therapy, dramatherapy, music therapy, dance-movement psychotherapy)

or

➤ Recently qualified therapists (summer of 2010) in any of the four disciplines

IMPORTANT: The encounter has space for a limited (80 maximum) number of participants. To ensure it's multi-cultural nature, we can only accept 10 participants per country of residence. As the encounter is becoming really popular, please advise your students to book early to avoid disappointment.

There will be established professionals lecturing from the UK as well as an opportunity for recently qualified practitioners to present their work and graduates to present their master's. More details can be found on the website's registration section.

Moreover, arts therapies students have the opportunity to give a workshop during the conference. Please find more details about this amazing opportunity in the registration section of our website.

Whether your studies attended any of the previous encounters or not, we hope they can come to 4ArTS to contribute to what is promising to be an amazing experience!

Please spread the word around to your universities or training institutions. We are also attaching a poster for you to circulate to your students as you think appropriately.

Thank you very much :)

Kind Regards,

Diana Kagiáfa
